REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The examiner was unable to find a reference that taught indicating that a selected operational slot is configured to support hot insertion prior to applicants priority date of 5/13/97. While it is common for items to report their capabilities to master controlling devices the examiner could not determine a reason why an operational slot would need to report it could support hot insertion since the system would already need to have that information.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul R. Myers whose telephone number is 571 272 3639. The examiner can normally be reached on Mon-Thur 6:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Rehana Perveen can be reached on 571-272-3676. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
